

## December 2011 Newsletter

Dr. P and staff would like to wish everyone a happy and safe holiday season! As we look forward to spending the holiday with our family and friends, it is easy to forget our neighbors who need our help. This is a wonderful time of year to give thanks for all that we have been blessed with and to show kindness to others. May we keep that outlook with us throughout the New Year!

For the month of December we are going to be collecting donations to benefit the children of Safe in Hunterdon. Remember it's never too early for an Orthodontic evaluation. According to the American Association of Orthodontists, begin no later than age 7 or even earlier if a parent or family dentist discovers a problem. The timing of orthodontic treatment is extremely important and greatly affects the treatment result. Since no two patients are alike, there is not a specific age that is best to begin treatment. Dr. Pincofski's orthodontic treatment evaluations are complimentary. Please feel free to schedule an appointment with our staff.
