mail, so get busy, sign on and please feel free to use our lap top on counter. Remember it's never too early for an Orthodontic evaluation. According to the American Association of Orthodontists, begin no later than age 7 or even earlier if a parent or family dentist discovers a problem. The timing of orthodontic treatment is extremely important and greatly affects the treatment result. Since no two patients are alike, there is not a specific age that is best to begin treatment. **Dr. Pincofski's orthodontic treatment evaluations are complimentary.** Please feel free to schedule an appointment with our staff.
