Remember it's never too early for an Orthodontic evaluation. According to the American Association of Orthodontists, begin no later than age 7 or even earlier if a parent or family dentist discovers a problem. The timing of orthodontic treatment is extremely important and greatly affects the treatment result. Since no two patients are alike, there is not a specific age that is best to begin treatment. **Dr. Pincofski's orthodontic treatment evaluations are complimentary.** Please feel free to schedule an appointment with our staff.
